OO7 HEALTHCARE ADVISORY

IDENTIFY. · ADVISE. · IMPLEMENT. · STRENGTHEN.

Your Practice. Your Challenges. *A Clearer Path Forward.*

OO7 Healthcare Advisory helps healthcare organizations strengthen operations, improve performance, and implement practical solutions tailored to their needs. When additional expertise or technology is needed, we collaborate with trusted healthcare and technology partners to support the right approach.

SOLO PHYSICIANS · INDEPENDENT PRACTICES · GROWING GROUPS · HEALTHCARE ORGANIZATIONS

WHERE OO7 CREATES VALUE

01 Operational Efficiency

Workflows designed end to end, with fewer handoffs and less rework.

02 Revenue & Business Performance

Clear visibility into where revenue is earned, delayed, or lost.

03 Leadership & Staffing

Clear roles, accountability, and structure that support your team.

04 Patient Experience & Access

Consistent access, flow, and communication from scheduling to follow-up.

05 Implementation & Growth

Hands-on support putting changes in place and making them last.

HOW WE WORK WITH YOU

START HERE

Complimentary Initial Evaluation

15–30 minutes to understand your organization, discuss your goals and concerns, and explore how OO7 may be able to help.

Operational Assessment

An in-depth review to understand your current operations, establish a baseline, identify root causes, and determine priorities.

Advisory & Implementation

Customized guidance and hands-on support to address operational needs, implement solutions, and strengthen performance.

Engagements are tailored to your organization's needs. Services may be provided individually or combined.

Begin with a complimentary initial evaluation.

A focused conversation about your goals and whether OO7 is the right fit.
